

RUBBER STAMP REPS

Border Wall Funding

Dozens of House members represent districts where the majority of the constituents voted against this administration's platform, yet these representatives are acting as rubber stamps for the White House's extreme agenda rather than working for the people they represent.

Issue Background

The below Representatives voted to waste more than a billion taxpayer dollars on an unnecessary and ineffective border wall, part of the administration's anti-immigrant agenda. Funding for the border wall is so unpopular, that the House went around normal processes by slipping the money into a larger, unrelated defense spending package. Building this wall won't solve anything—it will only create more division in our country and promote fear and intolerance. Allocating more than \$1 billion of taxpayer dollars for this project is a waste—those funds would be better put to use on other infrastructure projects or protecting the health and economic security of middle-class Americans.

Members of Congress should oppose using taxpayer dollars to fund construction of a wall along our southern border because it not only won't work—it is a physical embodiment of precisely the kind of divisive politics that America must reject. Any representative that voted for this is acting as a rubber stamp to the administration's cruel and extreme immigration agenda.
